

GREEN FASHION START-UP ERASMUS+ PROJECT

We are proud to be a partner in an important project supported by the European Union under the **Erasmus+** program.

ERASMUS+ Project number: 2024-1-DE02-KA220-VET-000255216

Erasmus+

The project aims to increase the sustainable entrepreneurship competences of future custom tailors and fashion designers and through the project results to offer opportunities to acquire knowledge and skills on entrepreneurship, to foster their entrepreneurial mindset and make first practical experiences on company start-up.

With our expertise in the textile industry, we contribute to the project by sharing our knowledge and experience in sustainable production practices and sustainable materials.
